

Dear Parents & Guardians,

As mentioned in Pin Oak last term, the canteen is moving toward a cashless ordering system. Most of the canteen is staffed by volunteers and the paid staff we employ are hard pressed to manage the preparation of food and the reconciliation of all the cash that a successful canteen generates. I'm sure we all agree that their forte is making delicious menu items and not counting coin.

To this end we are providing a service of ordering items on line through "Flexischools". This service is now up and running and we will trial it during Term 2. If successful we will move to all orders being processed this way from the start of Term 3. We encourage all parents to set up their accounts and experience the quick and easy way to order your child's lunch. You can even order for the whole term and then cancel any days not required.

To get started please go to the following site:

[www.flexischools.com.au](http://www.flexischools.com.au)

The first step is to register and create an online account. You will receive a confirmation email which then directs you to the Oxley College canteen page. Set up your individual children's details then go ahead and order. Orders must be received by 10am on the day. Similarly cancellations must be made by 10am.

There is a small charge for this system but we feel that the overall improvements in the canteen operations will allow us to concentrate on making nutritious and delicious food.

Please bear with us for the first few days as we all settle in to the new routine. If you have any feedback - positive or negative - please feel free to email myself or our canteen manager, Catherine.

Best wishes for the remainder of the school holidays.

Kind regards
