

OXLEY COLLEGE

YEAR 12 2020

Congratulations to an exceptional group of students who showed extraordinary resilience in a year like no other. Following bushfires, drought, floods and a pandemic that dislocated us all from each other, our students returned optimistically and showed great strength of character. They worked hard and gave their personal best during a challenging HSC journey. We are extremely proud of each of them and look forward to hearing about their achievements over the coming decades.
